About YWCA

YWCA Rhode Island is a social justice organization and movement with 150 years of experience providing direct service to, collaborating with, and advocating on behalf of the most vulnerable people in our society including low-wage workers, the unemployed, women and girls, people of color, English language learners, immigrants, survivors of abuse, members of the LGBTQQ community, as well as current military and veterans. We have a deep and abiding commitment to working on issues of economic, gender and racial justice: particularly in the places where these systems of oppression overlap each other.
